#GIVINGTUESDAY

Today is **#Giving Tuesday!** Generous donors have offered to match your donation to help Living In Recovery change lives.

You can participate and maybe save a life. Through November 25 2017, Howard County Police have responded to 206 drug overdose cases resulting in the loss of 52 lives, which is on pace to nearly double the number of overdose related deaths (29) in 2016.

Recovery housing increases the odds of recovery success and, along with 12-step programs and the mutual support of housemates help break the cycle of addiction-rehab-relapse that afflicts too many people in recovery.
